

# Not everything in life is naturally this cool

Ansell Lighting have launched a breakthrough fire rated downlight range. iCage is a unique 'cool cage' design allowing lamps to operate within a cooler environment.

## Cool unique design features include:

- intelligent thermal management for optimum lamp life
- inclusive of GU10 and MR16 lampholders for freedom of lamp choice
- integral spring-loaded lampholder for dedicated Part L energy compliance
- incorporates Twistlock design throughout the range, including IP65 versions
- **installer friendly large loop-in, loop-out terminal housing**

**INFORMED INSTALLERS INSIST IT'S iCAGE**

Intelligent Fire Rated Technology
